

Match as you read

Print one copy of the vehicles and the monkeys to play a game as you read encouraging your child to match the correct vehicle and monkey to each page. Using all the monkeys and allowing your child to pick will help your child identify differences and similarities.

Print two copies of these pages to play matching pairs or snap with your child to teach turn taking.

Direction and preposition

Use the second set of monkeys and vehicles to enhance the game.

Now your child has to choose the vehicle going the right direction.

Enjoy the colouring pages with your child to encourage a tripod grip and pen control
